Hon H. J. Morgan,  
Commissioner Indian Affairs  
Washington. D.C.

Sir:

I have the honor to forward you in a separate page, Census of Crow Indians for the year 1892. They were taken at times while the Indians were in for their rations at the Agency, as it was impossible with the force I have to take them in the field or at their homes on this River. I had to rely on the truthfulness of some statements made through my interpreter where few families were reported sick or ailing and unable to come to the Agency but I have endeavored to get them enumerated as accurately as was possible.

Very respectfully your obt. servant
